

INVITATION

Musicians, actors, performers, acrobats, visual artists! We kindly invite you to attend any of the 12 worldclass performative, physical and musical workshops that are part of Floating Castle Festival!

Floating Castle Masterclass and Etno Histeria 2023

12 intensive masterclasses and Etno Histeria World Orchestra will take place at Castle Snežnik and its surroundings between 17. 7. and 30. 7. 2023.

Approximately 200 musicians, circusants, animators, dancers, actors, performers, puppeteers and acrobats will perfect their skills with well seasoned mentors during the day and during the night everybody will enjoy jam sessions, theatre shows and dance.

The creative process of the masterclasses will be connected with the visual installations and/or stages that are being designed by 30 scenographers. We encourage interdisciplinary collaborations between the masterclasses (e.g. acrobatics + freestyle rap + dance). Final showcase of the masterclasses will be in the form of a performative-visual atmosphere of the Floating Castle Festival taking place between 27th and 30th of July. Depending on the process the showcases can be either a show, installation, concert, intervention, procession, animation or a combination of all the above. We hope that new artistic collaborations will be inspired from this experience.
