

WELCOME TO JAZZINCUBATOR 2025!

Are you a jazz talent currently studying or in the early stages of your career? If so, **JazzIncubator** is the place to be!

JazzIncubator is an event by the young, for the young – created to showcase the jazz stars of tomorrow! The festival is organized by Dølajazz and students from the University of Inland Norway, and will take place from **October 16 to 18, 2025** in **Lillehammer**.

This year, there's something new on the program! Friday will be dedicated to bands exploring the exciting intersection of **jazz and folk music**. Regardless of the genre-inspired approach, JazzIncubator promises a stage for young diversity and creativity in jazz.

All concerts will be professionally filmed by the **Norwegian TV school**, and the artists will have access to the recordings afterwards – perfect for further dissemination and promotion.

Interested in participating? Here's how to apply:

Send us an email with:

- Information about the band/artist
- A press photo
- One or more recordings, preferably a video if you have one
- Which educational institution you/your group represent
