Learn alongside exceptional guest faculty from around the world, exploring the connection between artistic vision and craft. Develop your unique musical voice, bringing genuine expression and perspective to your performances. Delve into masterworks spanning historical to contemporary music mentored by internationally celebrated artists.

During this two-week program, benefit from focused time and inclusive space for engaging discussions, learning with great mentors, reflection, and creation. Define your artistic voice and shape your career trajectory through individual coaching, masterclasses, and performance opportunities.

The inspiring backdrop of the mountains invites you to recharge through hiking and canoeing, establishing lifelong connections with faculty and peers.

This program is open to early career classical pianists or musicians who have recently graduated or are currently enrolled in post-secondary or post-graduate studies.
